Peninsula Community Federal Credit Union is a nonprofit organization that provides financial services to its membership. These services include but are not limited to loans, certificate of deposits, savings accounts, checking accounts, and financial counseling.

We will use this information to:

Confirm that peninsula community federal credit union is legal owner on a vehicle/vessel that is being held as collateral on an existing loan.

Confirm that peninsula community federal credit union is legal owner on a vehicle/vessel that has been paid off for the purpose of releasing our lien.

Confirm that peninsula community federal credit union is not the legal owner on a vehicle/vessel that appears to be abandoned at the premises of one of our branches. Members sometimes just park and leave their vehicle when they can no longer meet their monthly obligation and wish to give the credit union their vehicle back.

Verify the name on the vehicle/Vessel record when I receive notification from the Department of Licensing that a vehicle has been reported a total loss. The registered owner name is not listed on the letter so I use IVIPS to find the member the vehicle belongs to.

This information will be used by our consumer loan department and our Loss prevention department for the purposes described above.

Charter Number: 13649 Office of General Counsel
Date: _____ 1776 G Street, N.W.

LETTER OF EXEMPTION

This Letter of Exemption certifies that federal credit unions are exempt from all taxes imposed by the United States or by any state, territorial, or local taxing authority, except for local real or personal property tax. This exemption includes municipal taxes such as hotel taxes and night occupancy taxes where the obligation of paying the tax falls on the federal credit union.

A federal credit union (or an official or employee of the federal credit union who will be receiving reimbursement from the federal credit union) is entitled to the tax exemption regardless of whether the bill is paid by cash, check, credit card, debit card, charge card or any other method of acceptable payment.

Section 1768 of Title 12 of the United States Code, the authority which exempts all federal credit unions, is reprinted below:

12 USC 1768

"The Federal credit unions organized hereunder, their property, their franchises, capital, reserves, surpluses, and other funds, and their income shall be exempt from all taxation now or hereafter imposed by the United States or by any State, Territorial, or local taxing authority; except that any real property and any tangible personal property of Federal credit unions shall be subject to Federal, State, Territorial and local taxation to the same extent as other similar property is taxed. Nothing herein contained shall prevent holdings in any Federal credit union organized hereunder from being included in the valuation of the personal property of the owners or holders thereof in assessing taxes imposed by authority of the State or political subdivision thereof in which the Federal credit union is located; but the duty or burden of collecting or enforcing the payment of such a tax shall not be imposed upon any such Federal credit union and the tax shall not exceed the rate of taxes imposed upon holdings in domestic credit unions".

Answer the following Provide a detailed explanation of your primary business activity (exactly what your business or agency does and how you will use the vehicle and vessel records). I, Lear Logan, sole proprietor of Solid Enforcement Services, am a Bail Bond Recovery Agent conducting operations throughout Washington state. I require access to vehicle and vessel records for the purpose of tracking down and apprehending fugitives at large: to put them back in jail. Records are never and will never be used for any other purpose. Records will never be provided to other personnel or entities.			
Will you contact the owner for any purpose, provide the registration record information to an attorney or private investigator, or to any other persons or businesses? Use this space to describe how you will contact the owner or disclose the information or state that you will not disclose it and will not contact the owner. This is required information. I will not contact the owner of vehicles based off information obtained from vehicle and vessel records for the purpose of any unsolicited business contact. The primary purpose of records obtained is for investigations I conduct into who owns the vehicle and the address of record. If the owner is a fugitive at large that person may have to be apprehended but records will never be used for information to the public or for any other purpose. Records information will not be provided to attorneys or private investigators.			

You may not use the personal information contained in a vehicle or vessel registration record for unsolicited business contact. Unsolicited business contact means a contact that is intended to result in, or promote, the sale of any goods or services to a person named in the disclosed information. Disclosure of names and addresses of individual owners— RCW 46.12.635(1)(c).

When disclosing a vehicle or vessel registration record to a private investigator or an attorney, you must provide a notice to the owner, to whom the information applies, that the request was granted.
